

Millions of pets suffer each day from easily preventable illnesses. Perhaps surprising, the majority of these ailments are a direct result of improper diet. Even though a large number of pet guardians are now feeding their companions higher-end “holistic” pet foods, the vast majority of pets are still malnourished. Why? Regardless of better-quality ingredients, the base problem remains: As with prepackaged human foods, the very act of processing these foods destroys many vital nutrients – thus causing malnourishment over the lifetime of these cherished companions.

NuVet Labs® understands the need for real nutrition! NuVet Plus® is scientifically formulated to provide essential vitamins, minerals, herbs, antioxidants, bioflavonoids, amino acids, fatty acids and enzymes to our pets - in the correct ratios and in a form most easily digested and utilized. These key nutrients help restore and maintain the proper function of every system in the body. Instead of merely focusing on one issue, NuVet Plus® supports the *whole* pet.

Perfect for daily use and all stages of life, the safe, natural ingredients found in NuVet Plus® are essential to restoring and maintaining true health!

NOTE: Due to their nature, some organs and glands are covered in multiple sections.

## **CARDIOVASCULAR & CIRCULATORY SYSTEMS** (Blood, blood vessels, heart)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Choline, Folic acid, Inositol, Vitamin A, Vitamin B complex, Vitamin B1 (Thiamine), Vitamin B2 (Riboflavin), Vitamin B3 (Niacin), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin D, Vitamin E, Vitamin K

- **MINERALS**

Calcium, Chromium, Copper, Iron, Magnesium, Manganese, Phosphorus, Potassium, Selenium, Silicon, Sodium, Zinc

- **HERBS**

Alfalfa, Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Aspartic acid, Cysteine, Cystine, Histidine, Isoleucine, Leucine, Methionine, Proline, Taurine (feline formula), Threonine, Tryptophan, Tyrosine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Oyster shell, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® defends against cardiovascular disease by supporting the proper development and function of the cardiovascular and circulatory systems.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients essential for manufacturing red and white blood cells, as well as platelets; necessary for the formation of blood vessels; vital to the construction of collagen, a connective, fibrous protein that supports and

holds blood vessels together; purifies blood; critical to providing energy to, and maintaining the integrity of, all cells; restricts the oxidation process of fats (oxidation of fats forms the plaque which adheres to the walls of blood vessels); helps regulate the proliferation of vascular smooth muscle cells; helps prevent blood clotting; keeps arteries supple and elastic and prevents the breakdown of capillaries, thus enhancing circulation; shown to lower homocysteine, which is linked to stroke and heart disease; necessary for the production of DNA and RNA, nucleic acids containing the genetic instructions for all cellular formation, growth and function; lowers and helps modulate high blood pressure; helps prevent premature hardening of arteries; has the potential to increase high-density lipoproteins (HDL - "good cholesterol") and decreases the low-density lipoproteins (LDL - "bad cholesterol"); helps prevent atherosclerosis (coronary artery disease).

**DIGESTIVE SYSTEM** (Oral cavity, tongue, pharynx, trachea, esophagus, stomach, liver, gall bladder, spleen, pancreas, colon, anus)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Biotin, Choline, Folic acid, Inositol, Vitamin A, Vitamin B complex, Vitamin B1 (Thiamine), Vitamin B2 (Riboflavin), Vitamin B3 (Niacin), Vitamin B5 (Pantothenic acid), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin D, Vitamin E, Vitamin K

- **MINERALS**

Calcium, Chromium, Copper, Iodine, Iron, Magnesium, Manganese, Phosphorus, Potassium, Selenium, Sodium, Zinc

- **HERBS**

Alfalfa, Cat's claw (uña de gato), Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Alanine, Arginine, Aspartic acid, Cysteine, Cystine, Glutamic acid, Glycine, Histidine, Lysine, Methionine, Serine, Taurine (feline formula), Threonine, Tryptophan, Tyrosine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **ENZYMES**

Amylase, Papain

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Oyster shell, Papain, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® defends against gastrointestinal disorders and disease by promoting the proper development and function of the digestive system.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients essential for the production of DNA and RNA, nucleic acids containing the genetic instructions for all cellular formation, growth and function; helps the

liver secrete bile and aids in the manufacture of hydrochloric acid, thus facilitating the digestive process; essential for building muscle tone in the digestive tract; necessary for conversion and utilization of certain amino acids; protects and mends epithelial tissues as found in the stomach, intestines, and colon, thus providing a first line of defense against invading micro-organisms such as bacteria and viruses; protects the pancreas; necessary for providing energy to, and maintaining the integrity of, all cells; vital for protein utilization and enables the body to metabolize and store fats and carbohydrates, converting food into energy; vital to the synthesis and maintenance of coenzyme A (a body chemical present in all living cells, vital to many metabolic functions involving the utilization of fats, carbohydrates and certain amino acids); helps the liver process drugs and toxins; promotes growth, energy and healthy appetite; strong antioxidant action found to inhibit growth of certain tumors, particularly those of an epithelial nature; prevents the oxidization of fat-soluble vitamins; antioxidant properties help stabilize cell membranes and protect delicate tissues in the liver which are easily damaged by antioxidants; decreases the risk of colon polyps.

**EXOCRINE & ENDOCRINE SYSTEMS** (Exocrine glands: Salivary glands, sweat glands, oil glands. Endocrine glands: Pineal, pituitary, thyroid, parathyroids, thymus, adrenal, pancreas, ovaries, testes)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Biotin, Choline, Vitamin A, Vitamin B complex, Vitamin B2 (Riboflavin), Vitamin B3 (Niacin), Vitamin B5 (Pantothenic acid), Vitamin B6 (Pyridoxine), Vitamin C, Vitamin D, Vitamin E, Vitamin K

- **MINERALS**

Chromium, Copper, Iodine, Manganese, Selenium, Zinc

- **HERBS**

Alfalfa, Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Arginine, Glycine, Isoleucine, Leucine, Lysine, Taurine (feline formula), Tyrosine, Valine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Papain, Whey protein (feline formula)

**NuVet Plus® defends against thyroid, adrenal, pancreatic, and other endocrine/exocrine disorders and disease by supporting the proper development and function of the glandular systems.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients necessary for the production of DNA and RNA, nucleic acids containing the genetic instructions for all cellular formation, growth and function; counters the effects of stress; necessary for proper adrenal function; powerful antioxidant properties help stabilize cell membranes and protect delicate tissues, such as those found in the testes, which are easily damaged by antioxidants; aids in

the synthesis of sex hormones.

**IMMUNE SYSTEM** (adenoids, bone marrow, lymphatic system, spleen, tonsils, thymus)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Biotin, Folic acid, Vitamin A, Vitamin B Complex, Vitamin B1 (Thiamine), Vitamin B2 (Riboflavin), Vitamin B5 (Pantothenic acid), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin D, Vitamin E, Vitamin K

- **MINERALS**

Calcium, Copper, Iodine, Iron, Magnesium, Manganese, Phosphorus (to maintain balance with Calcium & Magnesium), Potassium, Selenium, Silicon, Sodium, Zinc

- **HERBS**

Alfalfa, Cat's claw (uña de gato), Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Arginine, Aspartic acid, Cysteine, Cystine, Glutamic acid, Histidine, Lysine, Methionine, Ornithine, Serine, Taurine (feline formula), Threonine, Tyrosine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Chlorophyll, Oyster shell, Papain, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® defends against allergies and disease by promoting the proper development and function of the immune system.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients which heighten immunity by stimulating white blood cell function and are essential for the formation of antibodies; powerful antioxidant activity protects against damage sustained from free-radicals, thus providing protection against, and inhibiting the growth of, certain tumors and cancers; protects and mends epithelial tissues as found in the skin, eyes, nose, mouth, lungs, stomach, intestines, urinary tract, bladder, vagina, and colon, thus providing a first line of defense against invading micro-organisms such as bacteria and viruses; enhances the function of the thymus gland, which produces T lymphocytes – T cells are essential to the immune system.

**Regarding allergies:**

Allergies are the result of an improper response of the immune system when it strongly overreacts to otherwise harmless or nontoxic substances. Allergens may include dust, foods, insect venom, latex, medications, metals, mites, mold, pollen, and vaccinations (likely due to ingredients contained in the vaccinations such as chemicals, eggs, metals, etc.)

**NuVet Plus® is specially designed to help restore proper function of the immune system.** The synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients is necessary to help reduce the effects of stress; essential for efficient digestion (poorly

digested foods can eventually cause “leaky gut syndrome, which can, in turn, create food allergies); helps support detoxification throughout the body; moderates the immune system's inflammatory response, providing protection from many allergens.

NOTE: Sometimes the immune system responds to an allergen with a sudden and very severe reaction. “Anaphylaxis” or “anaphylactic shock” is an extremely strong, life-threatening, allergic response to an allergen. Anaphylaxis can come on suddenly, usually occurring within a few minutes of exposure to the allergen, however, on rare occasions the reaction can take place up to ½ later. Symptoms of anaphylactic shock can include: hives, itching, pale or flushed skin, constriction of the airways, swollen tongue and throat (causing wheezing and/or difficulty breathing), weak or rapid pulse, nausea and/or vomiting, diarrhea, dizziness and/or fainting. Anaphylaxis must be treated immediately, usually by administering an immediate injection of epinephrine. *NuVet Plus® should never be used as a substitute for veterinary care during a severe allergic reaction.*

**INTEGUMENTARY SYSTEM** (skin, coat, nails and claws, hair follicles, sebaceous glands, sensory receptors)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Biotin, Folic acid, Inositol, Vitamin A, Vitamin B Complex, Vitamin B2 (Riboflavin), Vitamin B3 (Niacin), Vitamin B5 (Pantothenic acid), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin E, Vitamin K

- **MINERALS**

Calcium, Copper, Iron, Magnesium, Phosphorus (to maintain balance with Calcium & Magnesium), Potassium, Selenium, Silicon, Zinc

- **HERBS**

Alfalfa, Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Arginine, Cysteine, Cystine, Glycine, Histidine, Isoleucine, Leucine, Lysine, Methionine, Proline, Serine, Taurine (feline formula), Threonine, Tyrosine, Valine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Oyster shell, Papain, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® promotes healthy skin, coat and nails and defends against symptoms caused by malnutrition, parasites and disease.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients which promote healthy skin, coat and nails; vital to the formation of collagen, a connective, fibrous protein that supports and holds blood vessels, skin, ligaments, tendons, cartilage, inter-vertebral discs together; processes oxygen to skin, hair follicles and nails and helps repair injured tissues and burns; protects against easy bruising and clotting; necessary for the production of DNA and RNA, nucleic acids containing the genetic instructions for all cellular formation, growth and function; helpful in treating

dandruff.

**LYMPHATIC SYSTEM** (Lymph, lymphatic capillaries, lymphatic vessels, lymph nodes, spleen, tonsils, thymus gland)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Biotin, Folic acid, Vitamin A, Vitamin B complex, Vitamin B5 (Pantothenic acid), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin E, Vitamin K

- **MINERALS**

Copper, Manganese, Potassium, Selenium, Zinc

- **HERBS**

Alfalfa, Evening Primrose Oil

- **ESSENTIAL AMINO ACIDS**

Arginine, Methionine, Serine, Tyrosine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Chlorophyll, Papain, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® defends against disease by promoting the proper development and function of the lymphatic system.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients which heighten immunity by stimulating white blood cell function; essential for the formation of antibodies; protects and mends epithelial tissues as found in the skin, eyes, nose, mouth, lungs, stomach, intestines, urinary tract, bladder, vagina, and colon, therefore providing a first line of defense against invading micro-organisms such as bacteria and viruses; powerful antioxidant properties help stabilize cell membranes and protect delicate tissues and glands which are easily damaged by antioxidants, thus providing protection against, and inhibiting the growth of, certain tumors and cancers; enhances the function of the thymus gland, which produces T lymphocytes – T cells are essential to the immune system.

**MUSCULOSKELETAL SYSTEM** (Muscles, collagen, ligaments, tendons, cartilage, joints, bones)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Biotin, Folic acid, Vitamin A, Vitamin B complex, Vitamin B1 (Thiamine), Vitamin B2 (Riboflavin), Vitamin B5 (Pantothenic acid), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin D, Vitamin E, Vitamin K

- **MINERALS**

Calcium, Copper, Iodine, Iron, Magnesium, Manganese, Phosphorus, Potassium, Selenium, Silicon, Sodium, Zinc

- **HERBS**

Alfalfa, Cat's claw (uña de gato), Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Alanine, Arginine, Cysteine, Cystine, Glycine, Histidine, Isoleucine, Leucine, Lysine, Methionine, Phenylalanine, Proline, Serine, Taurine (feline formula), Threonine, Tryptophan, Valine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Oyster shell, Papain, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® promotes the proper development and function of the muscular and skeletal systems, helping prevent deterioration, and encouraging rapid healing of injuries.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients essential to the development of bones and teeth and vital to the formation of collagen, a connective, fibrous protein that supports and holds blood vessels, skin, ligaments, tendons, cartilage, inter-vertebral discs together; enhances bone-building by attracting calcium to bone; critical to providing energy to, and maintaining the integrity of, all cells; required by all cells in the body for the conversion of proteins, fats and carbohydrates into energy; facilitates oxygenation of tissue; helps repair injured tissues and protects against easy bruising and clotting; promotes healthy muscle and nerve cells; reduces muscle spasms and cramping; powerful antioxidant activity helps protect against damage sustained from free-radicals, thus providing some protection against cancers and other diseases; increases stamina; necessary for the production of DNA and RNA, nucleic acids containing the genetic instructions for all cellular formation, growth and function.

**NERVOUS SYSTEM** (Nerves, myelin sheaths, spinal cord, brain. Also included: Sensory organs such as eyes, ears)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Biotin, Choline, Folic acid, Inositol, Vitamin A, Vitamin B complex, Vitamin B1 (Thiamine), Vitamin B2 (Riboflavin), Vitamin B3 (Niacin), Vitamin B5 (Pantothenic acid), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin E, Vitamin K

- **MINERALS**

Calcium, Copper, Iron, Magnesium, Manganese, Phosphorus, Potassium, Sodium, Zinc

- **HERBS**

Alfalfa, Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Aspartic acid, Cysteine, Cystine, Glutamic acid, Histidine, Phenylalanine, Serine, Taurine (feline formula), Tryptophan, Tyrosine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Oyster shell, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® promotes the proper development and function of the nervous system and sensory organs, and defends against degeneration and disease.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients which are essential to maintaining proper brain and central nervous system function; vital for optimal brain function and learning capability and increases memory retention; supports the integrity of the myelin sheath (covering that protects the nerves in the spine); aids in the production of neurotransmitters; necessary for the production of DNA and RNA, nucleic acids containing the genetic instructions for all cellular formation, growth and function; may aid in the prevention of dementia; helpful for treating vestibular disease, depending upon the cause; useful for treating anxiety or depression; necessary to counter the effects of stress; prevents night blindness and helpful in treating eye fatigue; antioxidant properties help stabilize cell membranes and protect delicate tissues, such as found in the eyes, which are easily damaged by antioxidants – as such, may protect against cataracts, age-related macular degeneration, and Uveitis.

**REPRODUCTIVE SYSTEM** (Male: Testes, urethra, penis; Female: Ovaries, uterus, cervix, vagina)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Choline, Folic acid, Iodine, Vitamin A, Vitamin B complex, Vitamin B2 (Riboflavin), Vitamin B3 (Niacin), Vitamin B5 (Pantothenic Acid), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin E, Vitamin K

- **MINERALS**

Calcium, Chromium, Iodine, Magnesium, Manganese, Phosphorus, Potassium, Selenium, Zinc

- **HERBS**

Alfalfa, Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Arginine, Glycine, Histidine, Lysine, Methionine, Phenylalanine, Proline, Taurine (feline formula), Tyrosine

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Oyster shell, Papain, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® defends against reproductive damage and disease by promoting the proper development and function of the reproductive system.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients which play an important role in embryonic development; antioxidant properties help stabilize cell membranes and protect delicate tissues, such as those found in the testes, which are easily damaged

by antioxidants; necessary for the production of DNA and RNA, nucleic acids containing the genetic instructions for all cellular formation, growth and function; helps prevent birth defects; aids in the synthesis of sex hormones and important for maintaining fertility; facilitates the repair of postpartum tissues.

**RESPIRATORY SYSTEM** (nasal cavity, oral cavity, larynx, trachea, primary & secondary bronchi, lungs, bronchiole & lobule, diaphragm)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Vitamin A, Vitamin B complex, Vitamin B5 (Pantothenic Acid), Vitamin B6 (Pyridoxine), Vitamin C, Vitamin E

- **MINERALS**

Calcium, Copper, Magnesium, Phosphorus, Potassium, Selenium, Zinc

- **HERBS**

Alfalfa, Evening primrose oil, Pycnogenol (Pine bark)

- **ESSENTIAL AMINO ACIDS**

Cysteine, Cystine, Taurine (feline formula)

- **ESSENTIAL FATTY ACIDS**

Linoleic acid, Gamma-linolenic acid

- **NUTRACEUTICALS, PHYTONUTRIENTS**

Blue green algae, Brewer's yeast, Oyster shell, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® defends against respiratory damage and disease by promoting the proper development and function of the respiratory system.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients which protect and mend epithelial tissues such as those found in the nose, mouth and lungs, thus providing a first line of defense against invading micro-organisms such as bacteria and viruses; strong antioxidant action helps protect against cancers and other diseases; found to inhibit growth of certain tumors, particularly those of an epithelial nature; facilitates oxygenation of tissue;

**URINARY SYSTEM** (Adrenal glands, kidneys, ureter, urinary bladder, urethra, and for males: prostate)

- **VITAMINS**

Beta-carotene, Bioflavonoids, Choline, Vitamin A, Vitamin B complex, Vitamin B2 (Riboflavin), Vitamin B6 (Pyridoxine), Vitamin B12 (Methylcobalamin), Vitamin C, Vitamin E, Vitamin K

- **MINERALS**

Copper, Magnesium, Phosphorus, Potassium, Sodium, Zinc

- **HERBS**

Alfalfa, Evening primrose oil, Pycnogenol (Pine bark)

- ESSENTIAL AMINO ACIDS

Methionine, Taurine (feline formula)

- ESSENTIAL FATTY ACIDS

Linoleic acid, Gamma-linolenic acid

- NUTRACEUTICALS, PHYTONUTRIENTS

Blue green algae, Brewer's yeast, Oyster shell, Shark cartilage, Whey protein (feline formula)

**NuVet Plus® defends against kidney and bladder stones, kidney failure, and other urinary diseases by promoting the proper development and function of the urinary system.** NuVet Plus® contains a synergistic blend of vitamins, minerals, herbs, amino acids, fatty acids, enzymes, nutraceuticals and phytonutrients which protect and mend epithelial tissues as found in the urinary tract and bladder, thus providing a first line of defense against invading micro-organisms such as bacteria and viruses; may help reduce the risk of prostate cancer; necessary for the proper metabolism of both calcium and phosphorus; controls the absorption and levels of calcium in the blood, as well as its excretion through urination; mild diuretic – helpful for those retaining water, and aids in the reduction or prevention of calcium oxalate kidney stones.
